OPPOSED TO SALOONS

An Application Defeated at Galveston.

A SCHEME TO GET A LICENSE.

It is feared that force will be used to prevent one man from continuing in the business—An exciting event at Evansville—Grocers Fall—Other happenings within the state.

LOGANSPOUT, Ind., March 6.—Galveston residents are strongly arrayed against saloons. A short time since George Conn applied for a license, but the citizens succeeded in defeating the application. One saloon is still operated in the village by Enos Scott, and he gave out that he would close the saloon at the expiration of his license. The villagers were lulled into fancied security, but Scott inserted a notice of application for license in a German newspaper, not a copy of which circulates in Galveston.

Being published in the county, however, he had complied with the law, and his scheme to secure the coveted privilege of running a saloon was in a fair way to succeed, when C. O. Feuton, editor of the Logansport Times, a prohibition organ, notified the villagers of the deception which was being practiced upon them. When they were brought to a realization of the situation, petitions were freely circulated and the names of nearly 200 remonstrants were secured. One hundred and fifteen dollars was also subscribed to fight the case, and it is believed that force will be used to prevent the reopening of the place should the commissioners grant the license.

The success which attended the efforts of the Burlington citizens to prevent liquor traffic in that village has emboldened Galveston people. The Burlington saloon was twice blown up with dynamite, and once torn to pieces by an infuriated mob. The structure was rebuilt each time, and the last man who attempted to operate the saloon built a stockade around the building. Learning that a movement was on foot to blow the place up, he quietly vacated one night, and Burlington has been without a saloon ever since.

DOWN A PRECIPICE.

A Horse Plunges Down a Steep Embankment at Evansville.

EVANSVILLE, Ind., March 6.—To behold the wharf of this city, as it slopes from Main street to the river's edge, a distance of about 100 yards, and at an angle of about 45 degrees, and then to be told that a horse drawing a buggy, in which two ladies were seated, ran or almost plunged down this steep slope, and that the occupants of the vehicle escaped with their lives, sounds almost incredible, still such a thing happened here yesterday evening.

It was one of the most exciting accidents that ever occurred in this city. The two ladies, whose pleasant afternoon drive ended so disastrously, were Mrs. P. A. Orloff, wife of the manager of the Adams Express company of this city, and Mrs. H. Weintz, the wife of another prominent citizen. The horse was frightened on Main street, ran about three or four squares and then seemed determined to plunge with the buggy and its occupants into the river, but when about half way down the slope, the two ladies gathered up enough courage to jump from the buggy, and the horse then turned sideways, stopping just at the water's edge. The two ladies were severely, but not dangerously, injured.

THIRTY THOUSAND DOLLARS.

A Fruit Grower Is Well Repaid For His Fidelity.

OHIO FALLS, Ind., March 6.—When Peter Piers, a prominent fruit grower of this county, courted the lady who is now his wife, several years ago, in this city, his brother-in-law, Robert Duncan, objected for unknown reasons, and, in insane rage, shot Piers in the head while he was calling on his fiancée.

Piers lost an eye, and lay long between life and death, but finally recovered, married Miss Dollie Bennett, the lady in question, and moved to his farm. Duncan had to pay \$1,500 damages and serve two years in prison for his shooting. He was a well known master mechanic of the Ohio and Mississippi at the time. Yesterday the news came that Mrs. Piers' father had died in Wisconsin, leaving her a fortune of \$30,000.

Rescued From a Burning Building.

LOGANSPOUT, Ind., March 6.—O. M. Hanna's notion store burned last night, causing a loss of \$6,000, with \$5,000 insurance on the stock. The building is a 3-story brick, and Mrs. Buchanan, an aged widow, was lying sick in a room on the second floor. Officer Smith rushed up the burning stairway and carried her to a place of safety. She was almost overcome by the smoke and prostrated by fright. Her condition is alarming. The building is not seriously damaged.

BLOOMINGTON, Ind., March 6.—Sanford Brown, 55 years old, a well known citizen connected with the Consolidated Quarry company, was instantly killed by a stone train at the quarry last night.

A Violent Mule.

GREENSBORO, Ind., March 6.—John Patton of Hope was kicked in the face by a mule Tuesday. His nose and jaws were broken and several teeth knocked down his throat. He will recover.

"CHRISTIAN CRUSADE."

Ballington Booth's Name For the New Organization Which He Will Lead.

NEW YORK, March 6.—The "Christian Crusade" is the name suggested by Ballington Booth for the new evangelical movement which the former commander of the Salvation Army has pledged himself to lead. The nucleus of the proposed "Crusade" is the little band of Long Islanders, the Sea Cliff corps, who deserted in a body following their officer, Captain Mimonis, and on Tuesday sent a telegram to the Booths at Montclair, announcing themselves as "an independent religious body," and inviting their former leaders to assume command.

Ballington Booth at once telephoned an acceptance, sent a former Salvationist, Captain Seake, to take charge, and straightway began with the hiring of a hall, the one selected being the former barracks of the defunct Salvation Army Sea Cliff corps. It is said that Ballington Booth will at once establish a paper in opposition to the famous War Cry, and that it will be "Up to date" in all evangelical matters, not limiting itself to the discussion of purely army affairs, but dealing with all cognate subjects.

TO BENEFIT THE OLD SOLDIERS.

Proposed Changes to Be Made in the Present Pension Laws.

WASHINGTON, March 6.—Senator Gallinger, chairman of the pensions committee, has introduced in the senate several bills bearing upon the pension laws. One of these provides that upon the consideration of the application for a pension under the pension laws the fact that the applicant was accepted and mustered into service shall be accepted as satisfactory proof that he was of sound body and mind.

Of the other bills one empowers fourth class postmasters to administer oaths to pensioners; one that in pension cases the oath of a private shall have equal weight with the oath of an officer; one that the failure of a soldier to receive an honorable discharge, providing there is no charge of desertion against him, shall not be a bar to the granting of a pension to his widow or those dependent upon him in case of his death, and one dispensing with the requirement of proof that death was due to military service in the case of widows as applications under the act of 1890.

GUILTY OF BIGAMY.

A Man Married Nine Times Within the Past Nine Years.

KANSAS CITY, March 6.—H. C. Wilmoth, going under various aliases, and who was recently arrested at Terre Haute, Ind., and taken to Kansas City, Kan., charged with bigamy, pleaded guilty in this city yesterday. The trial developed the remarkable fact that Wilmoth had in the last nine years married nine different women, all of whom are said to be living, and that in each case he deserted them after having secured their money. They live in Chicago, Duluth, St. Paul, Cincinnati and other points.

Mrs. Wilmoth, No. 1, formally Miss Ora Wilkins of Seneca, Kan., and Mrs. Wilmoth No. 2, a former Edinburg, (Ills.) woman, appeared yesterday to prosecute the prisoner. Wilmoth had but recently been liberated from the state penitentiary after serving a life-term sentence for defrauding Mrs. B. Ellison, a Kansas City woman, to whom he was married in 1890. Sentence was postponed.

Smallpox at Zanesville.

ZANESVILLE, O., March 6.—Several days ago Lee Kinkaid and Will Tompkins went to Bridgeport to visit an uncle of the latter and while there they slept on a bed-lounge where a member of the family had suffered with the smallpox. Tompkins returned to Zanesville, was taken sick with what was supposed to be typhoid fever and removed from his home to the city hospital. It now develops that he has the smallpox. Kinkaid is also sick. The utmost care is being taken by the board of health to prevent the spread of the disease.

Supreme Lodge K. of P.

LIMA, O., March 6.—Supreme Chancellor Richie of the Knights of Pythias has issued a proclamation that the supreme lodge will meet in Cleveland Aug. 25 and says if satisfactory arrangements can be made locally and with the railroad the encampment of the military branch of the order may be held there. The centennial of Cleveland is to be commemorated in August, and if possible arrangements will be made to secure the camp vacated by the Ohio national guard for the Knights of Pythias.

Latest From the Nicaraguan Rebellion.

MANAGUA, Nicaragua, March 6.—The United States man-of-war Alert arrived at Corinto yesterday and will protect American interests there. The troops, Honduras has supplied to President Zelaya, will join the government forces in a few days when another onslaught on the Leon rebels is expected. Preparations are now in progress for a big battle near La Paz, and President Zelaya is confident of final success in erasing the rebellion.

Buchtel College President Has Resigned.

AKRON, O., March 6.—Dr. O. Cone, for 16 years president of Buchtel college, has resigned because he thinks the future outlook for the institution is gloomy. The Universalist church has attempted to make the college denominational, and it is now said to be in financial straits. A meeting will be held March 18 to decide whether the college will be opened another year.

CUBAN RESOLUTIONS

They Have Been Agreed Upon by Conference.

THE HOUSE MEASURE ADOPTED.

No Time Lost When the Conference Committee Met. The Senators Will Make Their Report Which Will Settle the Whole Affair—Made a Special Order For Monday Next—Senate and House.

WASHINGTON, March 6.—The conferees of the two houses on the Cuban resolutions, consisting of Senators Sherman, Morgan and Lodge on the part of the senate, and Messrs. Hitt, Adams and McCreary of the house, reached a conclusion more speedily and with less difficulty in their conference yesterday than had been anticipated. The consultation was of about 30 minutes duration and it became apparent immediately that the representatives of the senate would be satisfied with the house substitute.

Senator Morgan was strongly in favor of that clause of the house resolution which contemplates intervention, a declaration which he had suggested should be made when the question was before the senate. There was mention made of the possibility of war with Spain as a result of the action by congress.

So far as the house is concerned the resolution is a closed question for the present. There will be no more debate because it is only necessary for the secretary of the senate to report to the house that the senate conferees have agreed to the house resolutions.

The resolutions are as follows:

"Resolved, by the house of representatives (the senate concurring), that in the opinion of congress a state of public war exists in Cuba, the parties to which are entitled to belligerent rights and the United States should observe a strict neutrality between the belligerents."

"Resolved, that congress deplores the destruction of life and property caused by the war now waging in the island, and believing that the only permanent solution of the contest equally in the interest of Spain, the people of Cuba and other nations would be in the establishment to a government by the choice of the people of Cuba, it is the sense of congress that the government of the United States should use its good offices and friendly influence to that end."

"Resolved, that the United States has not intervened in struggles between any European governments and their colonies on this continent; but from the very close relations between the people of the United States and those of Cuba in consequence of its proximity and the extent of the commerce between the two peoples, the present war is entailing such losses upon the people of the United States that congress is of opinion that the government of the United States should be prepared to protect the legitimate interests of Americans by intervention, if necessary."

SENATE AND HOUSE.

The Cuban Question Almost Finally Disposed of in the Senate.

WASHINGTON, March 6.—For a long time yesterday afternoon it looked as though the Cuban question would be finally disposed of in the senate by agreeing to the conference report accepting the house resolutions.

At the conclusion of Mr. Mitchell's elaborate argument on the Dupont case Mr. Sherman presented the report of the conferees and asked for immediate action.

Representatives Hitt and Adams, two of the house conferees, were present at the time, as it was expected the report would be adopted. But as it was then 3 o'clock not more than a dozen senators were present and Mr. Hale of Maine suggested that it was undesirable to crowd through a resolution of this magnitude at a late hour and with an empty senate. This brought considerable sharp debate. Mr. Chandler, who had not before been heard on Cuba, declared himself in favor not only of recognizing but of maintaining the independence of Cuba, even if it resulted in war with Spain.

Mr. Hawley expressed sympathy with the public feeling against Spain, yet he feared the earnestness and eagerness of the United States would involve us in war not only with Spain but other European countries. He deprecated the flippancy with which warlike utterances were made.

Mr. Sherman concluded to let the subject go over until Monday, the senate having agreed to adjourn until then, and he gave notice that he would call up the report during the morning hour, lasting from 12 until 2.

The senate then took up the calendar and passed the following bills and resolutions: To pay the heirs of the late John Rouch \$48,853 on the construction of the gunboat Dolphin; to incorporate the supreme council of the 33d degree of Scottish rite Masonry for the southern jurisdiction of the United States; establishing an additional land office in Montana.

At 4:25 p. m., after a brief executive session the senate adjourned.

In the House.

WASHINGTON, March 6.—The house wrangled for four hours over the salaries of United States marshals and the other features of the amendment to the legislative appropriation bill to abolish the fee system in the cases of United States attorneys and marshals.

The debate was interrupted to allow the speaker to appoint as conferees on the Cuban resolutions Mrs. Hitt of Illi-

nois, Adams of Pennsylvania (Republican) and McCreary of Kentucky (Democrat).

After the committee rose without completing the consideration of the bill, a bill was passed appropriating \$96,000 for the reconstruction of the Rock Island (Ills.) bridge, and then, at 5:20 p. m., the house adjourned.

HIS REVENGE.

Rail road Superintendent Shot by a Former Employee of the Company.

WHEELHAWKEN, N. J., March 6.—William Watson, superintendent of the Hudson River division of the West Shore railroad, was shot in his private office at the West Shore passenger depot, Wheelhawken, yesterday afternoon, by Detective Edward Clifford of the Wheelhawken police and formerly an employee of the railroad. Clifford fired two shots, both of which took effect.

Clifford, it is said, shot his former employer, because he lost his position. The detective was arrested. Clifford was discharged from the services of the West Shore railroad on Wednesday. Yesterday morning he went to the office at Wheelhawken and received the amount due him. In the afternoon he returned and went to Watson's office. He begged the superintendent to reinstate him, and when the latter refused, the detective arose, and, advancing towards the desk, said:

"Well, Superintendent, here are your papers."

Just then Clerk John Skane entered the room. Clifford was standing about five feet from Mr. Watson with a revolver in his hand. Watson jumped for Clifford and the detective fired. The superintendent fell to the floor.

Clifford calmly placed the revolver in his pocket and walked out of the office. Later he gave himself up to the police. The injured man was removed as soon as possible to New York city, where it was thought his wounds might prove fatal.

CUBAN COMMISSION.

The President Will Learn the True State of Affairs in Cuba.

NEW YORK, March 6.—A special to The World from Washington says that it is possible that President Cleveland will send a military commission to Cuba to report on the condition of affairs there. In this connection it is announced that General Wesley Merritt, commander of the department of the Missouri, and several other high officers of the army have been suddenly summoned to Washington.

The World says that it could not be positively learned last night that their mission had any reference to Cuba, but it is known that the president has implicit confidence in General Merritt and that he would be quite likely to name him for a position of the character indicated.

Funeral of Archbishop Kenrick.

ST. LOUIS, March 6.—The funeral of Archbishop Kenrick will take place next Wednesday. Pontifical high mass of requiem will be sung by Archbishop Kain. He will be assisted in the service by priests of this diocese. Archbishop Ryan of Philadelphia will preach the funeral sermon. The archbishop's remains will be laid to rest in Calvary cemetery until the new cathedral shall have been completed, when a vault under the building will be provided for them.

Ex-Senator Gear Not Guilty.

COLUMBUS, O., March 6.—The jury returned a verdict of not guilty yesterday evening in the case of ex-Senator William Gear of Upper Sandusky, charged with soliciting a bribe from ex-Senator Charles Plummerfelt, in the Plummerfelt-Spooner contest in 1894. This is the first of the alleged bribery trials. The other indictment against Mr. Gear will not be tried until after the cases against ex-Senators Geyer, Iden and Ohi have been tried.

Resisted Arrest.

TOLEDO, March 6.—Joseph Bettinger, Detroit's coroner, who, it is charged, was found short in his accounts and fled from the city, was arrested here last night by detectives after a desperate fight. Bettinger was stopping at a small boardinghouse in Manhattan and made a hard resistance, finally jumping through a window in his endeavor to escape. He was captured and locked up to await the Detroit officials.

Over a Hundred Lives Were Lost.

BERLIN, March 6.—Up to this time 90 bodies of victims of the Cleopas coal mine disaster at Kattowitz, Prussian Silesia, have been brought to the surface. They included the bodies of four volunteers who had been engaged in the work of rescue, and who were overcome by the heat caused by the fire in the mine. It is believed that about 20 miners are still unaccounted for.

Sixty-One Cents For Ohio Miners.

COLUMBUS, O., March 6.—President Ratchford of the Ohio Mine Workers has issued a circular to his constituents telling them to consider themselves as now working for 61 cents a ton, which will continue to be the price in Ohio while the 70-cent rate continues in Pittsburgh, and there is every promise that the rate there will remain at 70 cents for one year.

Death of a Banker's Wife.

NEW YORK, March 6.—Mrs. Mary J. Bell, wife of Joseph E. Bell, a well known banker of Minneapolis, died yesterday in the St. Denis hotel from heart disease and apoplexy. She was 57 years old, and leaves two sons and a daughter. The body was sent to Minneapolis by J. Charles Burton.

ANOTHER OUTRAGE.

This Time It Is in Valencia, Spain.

OUR CONSULATE ATTACKED.

Windows Smashed by an Infatuated Mob.

The Authorities Endeavored to Prevent the Attack but Failed—A Number of Arrests Follow—So Far as Known No One Was Seriously Injured.

VALENCIA, March 6.—The disorders which were prevalent here when the news was first received of the action of the United States senate on the Cuban question broke out afresh yesterday and there were renewed demonstrations of hostility to the United States. The mob made its way to the United States consulate, which was stoned, and the windows of which were smashed by the infuriated populace.

The university here has been closed under orders from the government as it was feared the students' meetings would be a hotbed for breeding disorders. But this measure proved unavailing and the police have been kept busy dispersing students' gatherings nearly all day. Several attempts were made by disorderly paraders to make their way to the United States consulate, but they were frustrated, as the authorities had received special orders to be on the lookout for any demonstration against the property of the United States.

Special protection was afforded the building in which the office of the consul is located with a view to the same end. The mob gathered before the building before the police were aware of what was occurring, and stones began to fly from the crowd with the result that windows were broken.

The crowd was cheered on by other sympathizers in the streets and from neighboring houses. The police lost no time in charging the rioters and the mob was speedily dispersed, the missiles being flung almost while they were taking flight.

There was no violence indulged in in other parts of the city, the demonstrations being confined to noisy clamors, cries of derision against the United States government and attempts to make speeches. The orators were not allowed to proceed far before the police drove away their hearers and warned the speakers to desist.

A number of arrests were made as a result of the defiance of the orders issued for preserving the peace.

NOT REPORTED TO WASHINGTON.

Spain Will Probably Express Regret and Offer to Make Reparation.

WASHINGTON, March 6.—The late hour at which the reports of disorders yesterday in Valencia were received made it impossible to learn whether any official information had been received here in regard to the trouble. The attack will no doubt create renewed indignation in congressional circles, and may have the effect of hastening action on the Cuban resolutions which a conference report is taken up in the senate on Monday.

In this, as in the case of the attack on the consulate at Barcelona last Sunday, the Spanish government, it is quite likely, will promptly express to the United States its regret for the occurrence and make a complete disavowal of it. The Spanish minister has not received any advices concerning this latest disturbance.

Infracting the Spanish Students.

PRINCETON, N. J., March 6.—The undergraduates of Princeton last night burned in effigy the King of Spain in a demonstration in which several hundred took part. The flag of Spain was dragged through the main street and later was torn to pieces in the center of the campus.

CUT HER THROAT WITH A RAZOR.

Jealousy Causes a St. Louis Italian to Murder His Wife.

ST. LOUIS, March 6.—In a jealous rage Andrew Werten, a gypsy horse dealer, aged 33, and a native of Canada, murdered his wife, Louisa, yesterday in her room on the third floor of a Broadway lodginghouse. He cut her throat with a razor. Werten was not living with his wife at the time of the tragedy. She left him nearly three months ago, he says, and since then has been living with another man. For this he threatened to kill her. She left two children.

Werten, who gave himself up to the police, said he met his wife, who was Louisa Palm, in Washington, D. C., 12 years ago. They went to Hampton, Va., and were married. Since then they have been drifting around the country. They had five children.

Steamer Wrecked.

POUGHKEEPSIE, N. Y., March 6.—The steamer John L. Hasbrouck, which plies between New York and Poughkeepsie, ran on the New Hamburg reef yesterday and sank. She lies in a very perilous position and may go to pieces. Her passengers were taken off and a steamer has been sent to the reef, which is eight miles from here, to take off the freight. The Hasbrouck's owners have little hope of saving the boat. The Hasbrouck is a screw steamer of 710 tons net register. She was built in 1864 at a cost of \$100,000.

No Opposition.

CLEVELAND, March 6.—The Republicans of the Twenty-first Ohio district yesterday renominated E. Burton for congress. He had no opposition.

Increasing cloudiness with showers; warm; winds becoming southerly.

Sun rise, 6:26; set, 5:57; moon rise, 1:33 a. m.; day of year, 65.

Gov. BRADLEY overruled fifteen applications for pardons, most of which were for minor offenses, one day this week. The Governor has got backbone and he'll do his State service if he continues to sit down on the pardon seekers.

THE Bee says the stock sales last Saturday "brought several thousand people to Ripley and merchants did a good business." Instead of encouraging such sales here, Maysville has done much to drive them away. It would be a wise move for our business men to get together and revive these sales.

HERE'S some timely and excellent advice to farmers. The Augusta Chronicle says:

Farmers sow your tobacco seed early, in good ground, cover well and be prepared to plant the first season. Plant only one half your usual crop, on the best ground; give that all the care and attention you have been giving double the acreage. Be careful in housing. Leave all the frost leaves on the ground, sort and strip carefully, and our word for it, you will get more money for the half acreage than a crop raised in the old way. One acre of number one new tobacco will net you more money than two and a half of such as is usually housed. Good tobacco always brings good prices. This advice costs you nothing. Its observance will make you money.

BURGLARS AT WORK.

They Were After Money But Didn't Find Much of it—Heiser's Grocery Entered.

Thieves made another raid last night. Councilman George Heiser's grocery establishment was visited this time.

The big lock on the double doors in front was wrenched off, giving them an easy entrance. The cash drawer was broken open, but 30 cents was all the thieves obtained.

If the thieves took any goods, Mr. Heiser is unable to miss the articles.

This makes the fifth business house here visited by thieves in the last few weeks.

Cards have been received here announcing the approaching marriage of Miss Alice Martin to Mr. John J. Mendenhall, at Covington, Wednesday, March 13th, at 2:30 p. m., at the home of the bride, No. 17 West Sixth street. Miss Martin is a daughter of Mr. W. L. Martin, formerly of this city, and has many relatives and friends in Maysville and Mason County.

THE Cosmopolitan Magazine is now publishing a serial story by James Lane Allen, the Kentucky writer, entitled "Butterflies," and in the last instalment the young lovers elope from the Bluegrass region and escape to Maysville. They cross the river in a skiff late at night to Aberdeen and are married by our old friend Squire Beasley in the most approved and romantic fashion. The story is very interesting and entertaining, and is written in a charming and poetic style. There is also a sketch of Maysville by Mr. Allen.

MR. HENRY, whose name as a minstrel manager bears a national reputation, is in the field this season with a large, expensive and strictly first-class city minstrel attraction, which will appear at the opera house to-morrow night. Mr. Henry's present organization includes some fifty performers, the brightest in their respective lines, and their program is put together with the object of presenting new, novel, refined and elegant minstrelsy; we are assured that nothing of an inferior, or objectionable nature is ever permitted, and that every performer bears the stamp of superiority and refinement. The fine press notices accorded this organization by the best journals of the cities where they have recently appeared are certainly of the most encouraging and praiseworthy nature. Tickets at Nelson's.

It May Do As Much For You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so-called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. At J. James Wood's drug store.

HELP IT ALONG.

The Move to Complete the Organization of the Y. M. C. A.

Over One Hundred Members Have Already Been Secured—Something of the Work.

It seems evident that the young men of Maysville want an all-round and fully equipped Young Men's Christian Association for their headquarters, as a place for physical and spiritual culture and social enjoyment.

Mr. Henry Ward Ulrich, of Chicago, who is at present assisting State Secretary Rosevear in the Kentucky State work of the Y. M. C. A., has been in the city this week in the interest of the organization here. With Mr. Harry Curran he has called on a number of young men who have signified their desire to become members, and they all say "we'll be mighty glad to have such a place to go to as the one you propose."

The young men, with very few exceptions, are anxious to have a first-class place to spend their evenings, and the Young Men's Christian Association, with its broad phases and basis of work, will meet every need in this respect. It is the intention of the association, as in common with all the associations in America, to secure handsome quarters, the second and third floors of a building in the city and have a well equipped gymnasium, bath rooms, reading and educational class rooms, parlors, social and amusement rooms and a lecture room, where not only the Sunday afternoon men's meetings will be held, but also for lectures, practical, literary, business and medical talks, entertainments and socialables. In the reading rooms will be found the leading periodicals and papers and if the young men demand it, evening educational classes will be started in such branches as bookkeeping, penmanship, arithmetic, English composition, etc., and the young men can also have literary and debating societies, bicycle clubs, etc., etc.

The object is to interest all the young men for their own good and elevate them generally.

The rooms will be open from 9 a. m. to 10 p. m. daily and on Sundays from 2 to 6 p. m., and will be in charge of a competent Secretary.

If 250 or more young men will agree to become members, the work will be pushed to a successful issue.

The annual membership fee will be \$5, which will not be payable until about September when it is hoped the rooms will be ready for occupancy.

Any young man of good moral character may become a member, regardless of his religious belief or non-belief, whether he be a Catholic or Protestant, Jew or Gentile. The main idea is to make better men and citizens of the young men. No young man can disregard that, surely.

A membership in the Maysville Y. M. C. A. will be good in the thirty associations in this State, and the 1,400 in America. The organization is a fraternal one and is of great benefit to the home, church, business, politics and all else.

The managers of the Y. M. C. A. here are anxious to secure the required number of members at once in order that they may know what they can depend on. Young men desiring to join this great institution are requested to hand in their names now.

BICYCLE RIDING SCHOOL.

Thompson & McAtee Add a Full Line of the Best Wheels to Their Business—Place Where You Can Learn to Ride.

We have added to our stock of implements, buggies, seeds, &c., a complete line of "bicycles." After a careful investigation we have chosen the celebrated Rambler and Hamilton bicycles as our standard high grade \$100 machines; also the medium grade lines, among which will be found the Aluminum Rim Eagles, Essex, Westminsters, Dixon and boy's Delmar.

We have also recently fitted up one floor of our Sutton street building which will be used exclusively for a riding school for ladies and gentlemen. This being the only riding school in the State outside of Louisville, we feel sure it will be highly appreciated by people who would like to learn how to ride and who can thus do so in private.

We cordially invite the public to call and examine our line. Respectfully,
THOMPSON & MCATEE.

Fourth Class—Miss Lulu Hines 96.
Fifth Class—Annie V. Deiber, Amy Calhoun, Maggie Guffoye, Anna Cullen, Phyllis Murray, Louise Alexander, Mamie Wall, Maggie Cullen, each 95.

The essays read at the monthly meeting of teachers and pupils were decidedly good. The following young ladies show marked talent, as their essays were not mediocre. Misses Harriet Dobyns, Maggie Brown and Anna Honan.

A class in practical book-keeping is to be formed at the Visitation Academy. Any one desiring to take up this very useful branch of study will please call at the Academy as early as possible, as the class will begin work at once.

Perfect Wisdom

Would give us perfect health. Because men and women are not perfectly wise, they must take medicines to keep them perfectly healthy. Pure, rich blood is the basis of good health. Hood's Sarsaparilla is the One True Blood Purifier. It gives good health because it builds upon the true foundation—pure blood.

Hood's Pills are purely vegetable, perfectly harmless, always reliable and beneficial.

ACCIDENT INS. TICKETS. W. R. WARDER.

ARMSTRONG'S hardware store at Augusta was entered by burglars between 9 and 10 o'clock last night, but all the thieves got was \$3.85. They broke the front window. The robbery was discovered about 10 o'clock. No arrests.

MR. A. P. DARROW, a brother of Mrs. John C. Lovel, was seriously injured in a railroad wreck near Macon, Ga., this week. He was resting well at last accounts and was thought to be out of danger. Mr. Darrow is a member of Maysville Commandery No. 10, K. T., and his friends will regret to learn of his misfortune. The train was wrecked by robbers.

All parents who are willing for their daughters to take part in the exercises to be given at the opera house for the benefit of the sick in town will please send them to the opera house Monday evening after school. Thirty children are wanted. This will not interfere with their studies in any way. None over thirteen years. Help this worthy cause along. Send your children; they will be well taken care of.

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at J. James Wood's drug store.

It Brings Out the Ladies

When we say special linen sale. Why? Because the women acquainted with the quality of linens sold here are many. They know these annual trade events bring them worthy goods at prices unknown at other times. We do not say all are sold at a loss to us. We make a profit, but that profit comes from selling ten yards where otherwise only one would go and receiving cash instead of giving long credits. The advantage is mutually shared. You buy close, we sell much. That's fair, isn't it? Saturday night closes the sale, so go out with the tide and make money while the bargains last.

Friday, 9 to 11 a. m.,

Handsome Initial Handkerchiefs, every thread linen, beautifully hemstitched, 12½c. You have paid 20c. for exactly the same kind. No trouble marking these prettily lettered squares, so they are a saving of time as well as of money. \$1.25 White Marseilles and Cotton Spreads, 87c., extra size and quality, just the kind for a large bed; the only thing small about these spreads is the price.

Friday, 3 to 5 p. m.,

Heavy Barnsly Crash, pure linen, fifteen inches wide, the 10c. kind for 5c. Isn't linen priced at the cost of cotton worth coming for? Six yards only to one buyer; we want all to have a chance. A line of tinted Scarfs and Table Covers, heretofore 50c., choice given for 25c. A chance to brighten up after housecleaning at very little cost.

Wilson-Midghall.

Aberdeen Journal: "Mr. Gilbert Wilson and Miss Sallie Midghall gave their many friends the slip by driving to Georgetown Wednesday, where they were quietly married at the parsonage of the M. E. Church in that place. The groom is the son of William Wilson, one of our most prosperous farmers, while the bride is one of Aberdeen's most popular and accomplished young ladies, until recently a school teacher, having taught several terms in Kentucky. They will reside for a week at the home of the groom's parents below town, when they will immediately go to housekeeping. The young couple have many friends both here and in the surrounding country who will wish them success and prosperity through life."

Mr. Pearce moved that the claim of Frank Purnell for \$100 for services as special policeman be allowed, but the motion failed to receive a second.

Street Commissioner Hasson reported he had collected \$24.55 since last report, and turned same into the Treasury.

Two reports from the Internal Improvement Committee were made as to the Street Commissionership. The majority report stated that James Hasson had been elected Commissioner for ensuing year. The minority thought that a man should be employed who owned no carts, as this would "remove the temptation to use the carts when unnecessary;" they also thought the Commissioner should work and thus earn his salary, and thought a saving of \$100 a year could be made. They recommended the employment of Ben Smith, and presented a proposition from him to attend to the duties of the position, put down crossings, do all stone work &c., for \$10 a month.

Mr. Stalleup moved that the minority report be adopted. Mayor Cox ruled that the only motion in order would be one to approve or reject the majority report. After wrangling over the matter some time, Mr. Frost asked the members to "quit fooling" and get down to business; that if they didn't want Mr. Hasson, let them say so and end the matter. Mr. Stalleup finally moved that the majority report be not approved. The vote resulted:

Yeas—Derschl, Eitel, Frost, Helser, Newell, Smith and Stalleup.

Nays—Blatterman, Crowell, Dressel, Pearce.

And the selection of Mr. Hasson was not approved. Clerk Broese reported that he had relisted with the Chief of Police the collectable taxes for 1891, 1892, 1893, 1894 and 1895 amounting to \$3,449.38. He also reported he had in his hands returned by the Chief uncollected, doubtful and uncollectable tithes &c., for 1894, amounting to \$1,374.45, and for 1895, \$1,149.56; total \$2,524.01. Mr. Newell thought this was rather a loose way of disposing of the delinquent tax list, but Mr. Broese read from the minutes showing he had acted in accordance with Council's instructions. On Mr. Newell's motion the matter was referred to the Committee on Claims and Accounts to relist all collectable taxes with the Chief.

The coffee house license of A. Weiland & Co. was transferred from 219 Market street to 231 Market.

A communication from Mr. Joseph H. Dodson was read asking that the ordinance be enforced to prevent the dumping of ashes over the bank on Front street.

The following permits were granted: Mrs. Bruce Ross; to make addition and

improvements to property on Forest avenue.

James H. Taylor; to build veranda and other improvements.

James R. Spurgeon; to build a stable. Mrs. Mary A. Brown; to improve property corner of Third and Casto streets.

Geo. F. Johnson; to build a one-story frame cottage on Main street, Sixth ward. Mr. Blatterman asked that the brick gutter in front of First District School be extended west as far as Lower street. The matter was referred to the Improvement Committee to report the cost.

Professor Spurgeon addressed the Council and asked that a fine of about \$7 assessed against R. H. Anderson for harboring a vicious dog be remitted, as the dog was not considered vicious. It had bitten a child, but the child was playing with it at the time. The Mayor informed Mr. Spurgeon that Council had no power to remit the fine.

Mr. L. W. Galbraith, attorney for the city in the W. S. Melton case to recover money paid for lottery license, gave the status of the case. Melton had obtained judgment for the sum of \$250. Mr. Galbraith thought the Court of Appeals would reverse the judgment and he was directed to take it up.

An ordinance was presented and read fixing a penalty for any minor to represent himself of lawful age in order to obtain liquor. The penalty is not less than \$5 nor more than \$50. A copy of the ordinance is to be hung up in every room where liquors are sold. The rules were suspended and the ordinance was adopted.

Mr. Dersh reported the public landing in need of repairs, and the matter was referred to the Wharves and Ferries Committee to have the repairs made, but the committee is not to spend more in any month than the wharfage receipts.

Mr. Frost called attention to the nuisance caused by the dumping of slops and filth on the vacant lot at corner of Second and Lower streets, and on motion the matter was referred to the Committee on Public Health.

John Ryan was granted license for coffee house at 118 Market street.

Chairman Newell, of the Ways and Means Committee, reported that the Treasurer had only about \$1,600 on hand, but about \$11,000 would be needed this month to pay bonds, etc., due and current expenses. An ordinance was passed authorizing the issue of forty bonds of the value of \$500 each to provide the funds for running the city until taxes are paid, the bonds to be issued and sold (at not less than par) as the money is needed, and the revenue of the city for this year is pledged for the payment of same; they are to be paid on or before March 1st, 1897. The rules were suspended and the ordinance adopted.

A resolution was adopted authorizing the sale of twenty-two of these bonds to pay the current expenses this month. Council then adjourned.

REV. MARTIN LUTHER, formerly of Maylick, is assisting in a protracted meeting at Hustonville, Ky. He now bears a very striking resemblance to Senator David B. Hill.

The possession of a complete assortment of chains enables Ballenger to surely suit every requirement in this line, gold or silver, heavy and light, large linked and fine, for watches, for the neck, for the eyeglass. Better seek his advice when you contemplate a purchase.

A CARD on the outside of office door says: "Gone to lunch. Be back in ten minutes." And, the man will be there on time. That is, for some days, weeks or even months, he will. Then he will be at home occasionally for a day. He'll tell you he had a headache—a turn of cholera morbus, or maybe he'll say he had a lump in his stomach and felt too miserable to move. The lump was probably two or three ten-minute lunches condensed.

The man who "bolts" his lunches will find Dr. Pierce's Pleasant Pellets the best friend he ever met.

There is no case of biliousness, constipation, indigestion, "heart burn," or any of the rest of the night mare breeding brood, that these little "Pellets" will not cure. They cure permanently. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

SHOOTING NEAR MURPHYSVILLE.

John Garrett Probably Fatally Wounded by Albert Garrett—The Latter Escapes.

John Garrett was shot and probably fatally wounded by Albert Garrett at Stevenson's old tanyard near Murphysville Thursday morning at 10 o'clock.

Two shots were fired, one ball penetrating the breast and the other the head at a point a few inches above the ear. Dr. Huddleson who was called was unable to locate either of the balls. The one that entered over the ear ranged down and it is thought lodged somewhere in the neck.

Albert Garrett claims to be a cousin of the man he shot. He arrived in the neighborhood two weeks ago, his goods being shipped to him under a fictitious name. To some he said he had come from Virginia, while he told others that he had come from Columbus, O. John Garrett took him in, and afterwards helped him secure a home in the edge of Murphysville.

Thursday morning Jno. Garrett was fixing to move from the Rhodes farm to another place in the neighborhood. While he and others were engaged loading his household goods, Albert Garrett appeared on the scene and claimed that Mrs. John Garrett had been circulating a false report about him. John denied that his wife had done anything of the kind. Albert replied, "You're a d—n liar," and with that John started towards him. The shooting followed.

Such are the particulars as learned from Jailer Johnson who was in Murphysville at the time.

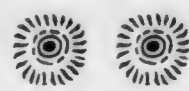

George Rhodes, Ed. Garrett and one or two others were eyewitnesses of the shooting.

After doing the shooting, Albert hastily left the scene; making his way across the fields to his home, he changed coats and fled, going west across the country.

The wounded man is about thirty-five years old and has a wife and six or seven children. Albert Garrett has a wife and one child and is about twenty-five years of age. He had not been arrested at last accounts.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper.

ITALIAN CABINET RESIGNS.

The House Adjourns to Await the Appointment of a New Cabinet.

Rome, March 6.—In spite of the strong force of troops and police present about the chamber of deputies yesterday it was with difficulty that order was maintained. As it was, the soldiers and police were frequently jostled by the excited populace and had it not been for the great forbearance displayed by the authorities many serious disturbances would have occurred.

The chamber of deputies was crowded and the galleries were packed with excited spectators. The crowds about Monte Citorio, upon which the chamber of deputies stands, every now and again raised cries of "Down with the government," "Death to Bauletti," etc., etc., and from the galleries, previous to the entry of the ministers, a number of persons were ejected by the police for uttering similar cries.

Almost immediately after the appearance of the premier, who was greeted with cheering by some of his supporters and by the cries of derision from his opponents, he announced that the cabinet had resigned and that the king had accepted its resignation.

The announcement was followed by loud cheers which were heard by the crowds outside, and, being understood, were taken up and echoed far and wide. Some moments elapsed before the cheering subsided and even then the loud, excited shouts of the Leftists continued for a time.

Crispien gazed calmly upon the shouting, cheering deputies, as if such a demonstration was quite an ordinary occurrence, and when he was again able to make himself heard he added: "The ministers will remain at their posts until their successors are appointed."

More cheers and shouts of disapproval followed this statement, after which the president of the chamber asked that the house adjourn until the crown decided upon the successors of the ministers who had just announced their resignations.

The Leftists raised a storm of protest against the proposition, saying that the government should be impeached, that the public were entitled to know who was responsible for the disaster in Abyssinia, and that there was no excuse for not making public promptly all the facts in the possession of the ministers. But while the protests of the Leftists had been exhausted, the house adjourned, pending the appointment of a new cabinet.

FIRE IN NEW YORK CITY.

Several Firms Burned Out by an Early Morning Blaze.

New York, March 6.—Fire started this morning in a 6-story building, 7 Light street, and running back to 7 York street. The fire started apparently in the basement, which was occupied by William Radom, who manufactured a microbe killer. On the first floor was the manufactory of B. Ohlman, notions, who has a large establishment at 109-113 Grand street.

The building was owned by the Garvin Machine company, makers of bicycle machinery, etc. The firm occupied the greater part of the building, which was completely destroyed.

The fire was discovered by a patrolman. He sent in the first alarm and this was followed by four additional calls for assistance after the first detachment of firemen arrived. The flames spread rapidly through the structure and endangered buildings on either side and in the rear.

The damage at present can not be estimated, but it will be heavy.

There was a fire in the same building at about the same hour in the morning two months ago, when \$75,000 damage was done.

Holmes Has Sixty Days Yet to Live.

HARRISBURG, March 6.—The date for the execution of H. H. Holmes, the convicted murderer of Benjamin F. Pictel and alleged murderer of 21 others, has been fixed by Governor Cassel, at Harrisburg, Thursday, May 7, as the day. The decision of the supreme court affirming the judgment of the lower court was received at the executive department yesterday afternoon, and was immediately laid before the governor by Secretary Beidler. The governor thought Holmes should have at least 60 days in which to prepare for death and selected the time accordingly. The death warrant was at once prepared and forwarded to Sheriff Clement at Philadelphia.

Dead Body Identified.

HENNINGTON, N. Y., March 6.—The body of the young woman washed ashore on Lloyd's Neck, Long Island, Monday night, has been identified as Mary Fox of Brooklyn. The identification does nothing toward clearing up the mystery and local authorities are still unable to determine whether the woman was an accident, a suicide or a murder. Her sister, Miss Katie, of Brooklyn, thinks she must have been murdered.

Leaving Blackburn.

FRANKFORT, Ky., March 6.—Three Democrats left Blackburn yesterday and joined the five bolters who had already been voting against him. This is only the prelude to the storm which will come when 20 or more are expected to cast their votes for Secretary of the Treasury Carlisle. Those who left Blackburn were: Noe of Owensboro, Dougherty of Grant and Norman of Bullitt. The vote resulted: Blackburn, 53; Deboe, 40; Carlisle, 7; Hunter, 4, and the rest scattering.

Normal School Burned.

STANBURY, Mo., March 6.—The Northwestern Normal school, with an enrollment of 400 students from almost every state in the Union, burned to the ground yesterday. Loss, \$50,000; insurance, \$30,000. The students all escaped unhurt, but lost their personal effects.

Not Yet Identified.

CHICAGO, March 6.—The body of the murdered man found in the lake last Sunday is not that of young Weaver of Rochester. Word was received from Weaver's people last night saying that they had heard from him during the day.

Condemned Suicide by Hanging.

MILLERSBURG, O., March 6.—Miss Ida Fox, 23, a sister of J. C. Fox, residing four miles west of here, committed suicide by hanging herself in the wash-house at her home last night.

Death of George A. Ryder.

Mr. George A. Ryder died yesterday at 1 o'clock at the home of his parents, Mr. and Mrs. Frank Ryder, on Beech street, Fifth ward, of rheumatism, after an illness of three weeks. He was in his fourteenth year. His friends throughout the city sympathize with the parents in their loss. The funeral will occur at 2 o'clock to-morrow afternoon at the residence, with services conducted by Rev. I. P. Trotter. Interment in the Maysville Cemetery.

Try Chenoweth's Cream Lotion for chapped hands and faces. It is not sticky or greasy; excellent to use after shaving.

Two of Mr. and Mrs. Fillmore Ennis' children, of Front street, Fifth ward, are ill with measles.

COUNTY OULLINGS.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

MAYSLEICK.

The movers are changing their roosts. The weather is a little chilly, but nice-smelling. Miss Beria Caldwell has returned home from a visit to friends about Helena.

Mrs. Sue Hopper, who has been visiting in Maysville, has returned home.

The machine men are thick, visiting the farmers trying to sell them some labor-saving machines. The few empty ice houses were filled with nice ice during the last cold snap. It was ground hog ice.

There will be a good many tobacco-setters sold around here this spring. They are all the best, of course.

The Slison family have left us and moved near Mt. Olivet. We miss Billy; he was quite a favorite in this place.

J. A. Jackson will probably go to Cincinnati next week to receive special and medical treatment, if he can raise money enough.

William Fulton has moved to Lexington. He leaves a good many that will remember him. Billy is a clever man. Hope he may do well.

Miss Anna Berry has returned to this place again to open up her dress making establishment. Every one likes her fitting and the making-up.

Trade is still dull here; not much doing. Items are scarce. No weddings, nobody has been drunk lately, no fights lately and very little money changing hands.

SPRINGDALE.

Jas. Vawter, who has been quite sick for some time, is convalescent.

Mrs. Mason will move to the farm she lately purchased in a few days.

"Meadow Lawn" farm will soon change ownership, if all reports are correct.

Nerxes Berry, Jr., of Lewisburg, will move to this neighborhood within the next few days.

A car of stock was shipped from this place this week to Cincinnati by a Fleming County gentleman.

We are glad to learn that our young friend Mr. Ed. McDonald is improving and hope in a few days to see him out again.

Elder T. E. White lectured Wednesday night at Bethany Church on "The Story of a Wild Duck." Plenty of wild ducks about here, Brother White.

What next? Another prominent politician gone to Frankfort, whether to get a job for some friend, or to see why our enthusiasm failed, or to see Judge Tuffy and learn what he meant by his ugly conduct our informant saith not. We hope Gov. Bradley won't think these are Maysville samples.

Lecture.

Hear Miss McAvoy on "Conversation" at the High School this evening. Doors open at 7:30 o'clock; lecture begins promptly at 8; tickets 25 cents. Street cars will be in waiting at the postoffice.

PERSONAL.

—Mr. Henry E. Rosevear, State Secretary of the Kentucky Young Men's Christian Association, will be in the city this afternoon.

Just received, decorated English dinner sets, 101 pieces, for \$7.50, at Schatzman's.

WEAK MEN

CURED AS IF BY MAGIC.

Victims of Lost Manhood should send at once for a book that explains how full manly vigor is easily, quickly and permanently restored. No man suffering from weakness can afford to ignore this timely advice. Book tells how full strength, development and tone are imparted to every portion of the body. Sent with positive proofs (sealed) free to any man on application.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

BAD TIMES?

Well, we should say so. Those clocks and watches are too badly out of fix to be of any use. They've lost their time entirely. You'll lose your time, too, if you're not provided with good clocks and watches. We have a full supply of both, all accurate time-keepers and in perfect order. Better watches than others are not manufactured. Whatever the price of any watch we carry, it's the best of its kind and a full value. Get a timepiece; get the best; get ours.
